*These items are not required but warmly appreciated as first grade is filled with many germs!! We go through these supplies fast and furious throughout the year and anything is helpful!

I will be supplying a special school/home folder.

In our classroom, we 'pool' all of our supplies. This means on the first day of school, I gather all supplies to be rationed out to the class throughout the year. We sit in table groups with one shared pencil caddy holding all of the above supplies. This idea of shared materials has been impactful in the past to make sure all students help their table group take care of materials. Because of this, please do not buy any special supplies or put names on anything BUT the end of year binder. Let me know if you have any questions!
